

Research proves it,
time and time again.
An attractive, healthy smile
is linked to personal and
professional **success**.

If you've experienced **chipped veneers** (or worse, veneers that pop off at the most embarrassing of moments), it's probably not because the dentist who applied them used inferior materials – it's probably because they weren't applied with the bigger picture in mind. **Teeth aren't independent structures, after all.** They're part of a complex system that involves the jaw joint, muscles, and teeth working in harmony. If that system isn't addressed, any cosmetic "band-aid" slapped over the smile simply won't work.

At Downtown Dental, we see your smile in the larger context of your health. Think of it like this: it isn't wise to paint a house before mending underlying structural issues, right? Well, we see dentistry in the same light. By addressing any underlying problems that can dim your grin (such as TMJ & sleep apnea), we'll give you a spectacular smile **that can last a lifetime.**

Our work speaks for itself.

The teeth of *actual patients*:
Before meeting us... and *after* meeting us.
'Nuff said.

Testimonials

Dr. Don Mungcal, DDS

"This dentist rocks! His injections are painless, and his work is fast and efficient. Plus he's downtown, right across from California Plaza, so I can go during a business day if I have to. There are even televisions on the ceiling, so you can watch TV if you don't want to keep your eyes closed. **Dr. Mungcal is so good, I nearly fell asleep while he worked on my teeth.** How many dentists can you say that about?"

- *Sasha, Los Angeles*

"Well, I've been seeing Dr. Don now for quite a few years now. **I truly believe he has saved many of my teeth from the grave.**"

- *Judy C., Studio City*

"Don and his staff provide service of outstanding quality. **Everyone in the office is friendly and professional.** I have been a happy client for over twelve years!"

- *Karen V., Marina Del Rey*

"Needless to say, my experience with Downtown Dental has been a very pleasant one. **Dr. Mungcal and his staff have done exemplary work with regards to my dental care** - and they've displayed the same care and concern regarding follow-up treatment."

- *Rueben G., Sherman Oaks*

"Dr. Mungcal has been a lifesaver for me. **I would not let anyone else touch my mouth.** He is great!"

- *Mercedes V., Downtown LA, California*

"Downtown Dental is one of the most competent and service-oriented organizations I have had the privilege to be associated with. Their work is the best. **They treat you like an honored guest and a member of their family.** Their dental practice is just one more reason to love living in downtown Los Angeles.

I have been fortunate to have been a patient of Dr. Mungcal's for a number of years. **They have always been on the cutting edge of the newest and best technology available in dentistry.**

There are over a dozen dentists within walking distance of my house. I wouldn't drive over 45 minutes to Downtown Dental if I was not 100% satisfied with the great service I receive there. **There are too many dentists out there not to be picky,** and I pick Downtown Dental for my dental work."

- *Michael L., Torrance*

"Dr. Mungcal is a fabulous dentist...my favorite ever! I have been going to him for seven years, and he takes care of my teeth efficiently and cost-effectively. **I wouldn't trust these beautiful chompers to anyone else!!**"

- *Naureen Z., Los Angeles, California*

I've been going to Dr. Mungcal for 10 years. Highly recommended. In fact, **I have recommended him to over 10 of my family and friends - and they love him, too.**

- *Tania C., Van Nuys, CA*
