---

## RADIO NEVER SAW IT COMING

Uncensored Net Noise is an internet-based radio show in Cleveland, Ohio--the capitol of Rock & Roll and home of the Rock & Roll Hall of Fame.

Uncensored Net Noise was started in 2006 by a man who had one dream. That dream was to start **a badass internet-only radio station with handpicked programming and a massive listenership that can't get enough of it.** That dream came true--and now the station is celebrating its fourth birthday.

One of the reasons fans love Uncensored Net Noise is that it stretches far beyond its format. **It's not a vanity project.** It's a way for local bands to really connect with listeners, and to get their music recognized. It's a way to show the world--not just the region--what Cleveland has to offer in the music scene. It's a gathering place for public conversation about local and national current events. **It's not just a radio show, it's a thriving community (with the best soundtrack in the business).**

Since its inception, **Uncensored Net Noise has hosted a long list of truly remarkable musicians who've called in to discuss what's going on in their careers.** We've had the pleasure of talking to Piggy D (Rob Zombie), K.K. Downing (Judas Priest), Bumblefoot (Guns & Roses), John Anderson (YES), Andreas Kisser (Sepultura), Marq Torien (Bullet Boys), Steve Smyth (Nevermore), Nikki McKibbin (American Idol Finalist), Spider (Powerman 5000), among many, many others. Some close friends of the show such as Ramon Herrera, Billy Morris (Warrant), Tim King (Soil), G Tom Mac, and Audible Thread have made appearances on the show, as well--**and that's only a handful of the artists we've hosted.**

Of course, it's not just musicians who've joined the Uncensored Net Noise community. **We've also had the privilege of having some sensational actors call in to the show (among them Corey Haim, Corey Feldman and Tyler Mane/Michael Myers).**

True to the dream, **Uncensored Net Noise continues to grow every day.** We're grateful to the community of listeners who continue to support us along the journey, and we thank everyone who has followed and supported the show over the years.

If you haven't heard the show yet, don't be a stranger! **We're here every Friday night from 9:00PM EST to midnight at [www.uncensorednetnoise.com](http://www.uncensorednetnoise.com)**--and be sure to check out Morning Show Central ([morningshowcentral.com](http://morningshowcentral.com)), Sponsored by Cocaine Energy Supplement ([drinkcocaine.com](http://drinkcocaine.com)).
