downtown dental

COSMETIC, TMJ, SLEEP APNEA,
& GENERAL DENTISTRY

We'd like to give you a big hug for your referrals...

...but we figured you might be more excited about a complimentary tooth bleaching session.

You already tell your friends, family and coworkers about us when they compliment your smile. We really appreciate it, and we'd like to give you a little something for your kind words. For a limited time, if you refer two new patients to us we'll thank you with a complimentary tooth bleaching session (just in time for the holidays!)

...oh, and we'll throw in the hug, too. Just ask.
